Reproduction Request for SECRET "CIA" Documents

1. Reference is made to your memorandum of 11 February 1956, subject as above, enclosing request of the Air University, Maxwell Air Force Base, Alabama, for permission to reproduce extracts of CIA documents for use of study groups which will include RAF and/or RCAF officers.

2. Extracts from Section 83, NIS No. 1, may be reproduced as desired by the Air University for use of the U.S. Officers in the study groups. However, this section is controlled in its entirety in accordance with provisions of IAC-D-45/12 (Revision 5), which precludes release of this element or any extracts therefrom to foreign nationals. The reproduced extracts must, therefore, be withheld from RAF and/or RCAF members of the study groups.

3. The above comment applies only to the NIS element mentioned in the Air University request. CIA SE-38, 24 April 1953 which was also mentioned is not under the jurisdiction of this Office.
